Report of the State Superintendent of Public Instruction—Abstract.

The Annual Report of Mr. Barry, Superintendent of Schools, has this morning been laid on the tables of members, in the form of sheets from the Wisconsin *Journal of Education*, though without the tables from which we have been used to obtain much interesting information for the readers of the *Sentinel*.

The Superintendent, in July, issued circulars to all of the Town Superintendents, asking information in relation to the "condition of Schools and progress of Education in their jurisdiction." From the answers to these circulars much of the Report is made up, and it is distributed under various heads. I follow its arrangement:

Parental Interest and co-operation.—The instances in which a proper zeal and interest is manifested throughout the State, are unfortunately the exceptions, and the contrary the rule, resulting in great disadvantage to the Schools.

School Houses.—The Superintendent declares that most of the school-houses in this State are 'mean, murderous things,' the value of a large majority of them are reported as below $150, and one at three cents. He recommends the use of "Barnard's School Architecture" by town boards (While making such sweeping condemnation, it seems as if the Superintendent might have noted, to the credit of many towns, the well known fact that they have made noble provision for their school buildings.)

Teacher's Institutes—are highly recommended and their past operation praised, and Legislative encouragement recommended. But, as these are not sufficient Mr. Barry alludes to

Normal Schools—as necessary. He gives an article by Horace Mann on the origin and history of these institutions, embracing notes of the beneficent operation of the New York Normal School. In this connection he commends the action of the State University in its organization of the Department of Instruction under Prof. READ, but he thinks there should still be separate institutions for the instruction of teachers.

Recommendation of Text Books. — Under this head, the Superintendent goes at some length, and with considerable spirit into a defence of himself against charges which have been widely circulated, of having used his official position to interfere unwarrantably in the affairs of the districts. He argues the necessity of uniformity, and insists that he has done no more than his clear duty, under Sec. 48, Chapter 2 R. S. He describes what he thinks are the superior qualities of the books which he has recommended.

Supervision of Schools.—County Superintendents of Schools properly qualified, are recommended instead of the present of Town Superintendents, though Mr. Barry seems rather to favor a Superintendent for each Judicial District.

Teachers and their Qualifications.—The grade of teachers is represented as improving from year still there is great need of improvement, and as one means of obtaining good teachers, the agency of

Graded Schools:—Mr. Barry presents the following outline of the system which he recommends for adoption throughout the State, and submits an act to carry out the principles:

1st. The consolidation of the several districts within a city, village or part of a town, for the purposes of a better organization, management, and supervision of schools.

2d. The organization of so many Primary schools of a city, village or part of a town as may be required, and of a Central High School. (Where the number of pupils is no more than four or five hundred, a single school, with Primary, Intermediate and High School Department will be sufficient.)

3d. The organization, superintendence and management of such schools, or school, to devolve on a Board of Education consisting of three or more Commissioners and a Superintendent; which said Board shall be vested with all the powers of present District Boards.

4th. The Common Council of a City, or the Trustees of a village, to raise by tax such sums as may be determined and certified by said Board of Education to be necessary or proper for the purpose of purchasing School Houses, paying Teachers wages, etc., etc.

County Conventions:—The Superintendent has held County Conventions in some thirteen counties, in which an excellent spirit was shown in the cause of education, and much good is thought to have been done.

"*Wisconsin Journal of Education.*"—This excellent monthly, the official organ of the Department, receives well deserved praise as "an efficient co-worker in the educational field of labor, and worthy the patronage bestowed upon it by the State."

Teachers' Wages.—Though the average amount of teachers' wages is gradually increasing, they are still far below what they ought to be. The following table exhibits the average wages paid teachers, male and female, from the organization of our present system to the close of the current year:

Years.	Average am't. paid Male Teachers.	Average am't. paid Female Teachers
1849	$15 22	$6 92
1850	17 14	8 97
1851	17 15	8 35
1852	15 83	8 64
1853	18 17	9 94
1854	18 75	11 00
1855	23 10	12 08
1856		

Music in Schools:—The use of and instruction in music in the common schools is highly recommended.

Additional Branches of Study:—The study of Natural History is recommended as an addition to the present prescribed branches. Moral Science is recommended as another branch to be added.

The Superintendent also recommends:

That the City Superintendents of schools, in all cities of the State where local systems have been established, shall be subject to such general rules and regulations as the State Superintendent of Public Instruction may prescribe—that appeals from their acts and decisions may be made in the manner, and with like effect, as in cases now provided by law—that they shall make annually, to the State Superintendent, at such times as shall be appointed by him, a report in writing, containing the whole number of schools within their several jurisdictions, with a certified copy of the reports of their Boards of Education to the Common Councils of their respective cities, with such additional information as the State Superintendent may require.

Mr. Barry concludes by earnestly commending the common schools to the fostering care of the State. W. H. W.

P. S.—Mr. Barry promises an abstract of the figures of his Report, which I will send to-morrow. W. H. W.

POST MASTER GENERAL.—The Janesville *Standard* warmly urges the appointment of Col. FORNEY as Post Master General. Mr. BUCHANAN might go further and fare worse. Col. FORNEY would be a vast improvement on the present incumbrent.

FROM MADISON.

Editorial Correspondence of the Sentinel.

MADISON, Feburary 5.

The democracy hereabouts, members of the Legislature, and leading politicians from other parts of the State, were in session last night, endeavoring to parcel out the appointments for the State. They made a pretty mess of it, if the rumors in circulation this morning are true, and the harmony among them was absolutely terrific. It came near being a regular knock-down-and-drag-out affair.

I find in the Senate Journal this morning a memorial from John B. Vliet, President of the Wisconsin Hydraulic Co. at Kilbourn City, remonstrating against the repeal of the Company's charter, for which a bill stands in the Senate, the principal reason adduced in favor of such repeal being the damage which would follow to the lumbering interests above the Dells from the completion of the dam. Mr. Vliet states that the Company's charter compels them to construct a *slide* or *chute*, and also a lock not less than 150 feet long and 40 feet wide, for the passage of rafts, boats, &c.

Mr. Vliet also represents that the Company is now liable for stock issued to the amount of $255,000—that it has purchased real estate, near its location, to the amount of $306,600—that it has sold lots at Kilbourn City to the amount of $132,900—that it has contracted for a dam and chute for $33,000, and has already paid the contractor $5070.00 for work done, &c., and has expended otherwise some $5000. On behalf of the Company, Mr. Vliet remonstrates against the proposed summary repeal of the charter, as unjust and unfair. He makes a strong case of it.

AN ERROR CORRECTED.

I am advised by Mr. Conkey that I was in error in stating that the bill and memorial in the Senate in relation to a dam and reservoir far up on the Wisconsin river, and a grant of lands therefor, have no reference to the "Fox and Wisconsin Rivers Improvement Co," but concern the "Wisconsin River Improvement Co," chartered some years since.

In Senate this morning, the memorial to Congress in relation to the basis of representation was passed. It asks that a proposition be made for such an amendment to the U. S. Constitution as will do away with the unequal three-fifths slave representation, the brief and all-sufficient reason given being, that those people who hold *men* as chattels or property have no fairer claim to a representation for them, than any other class of citizens have for a representation for *their* property, of whatever kind. The memorial passed by 16 to 6—a party vote, the dose being taken by our democratic friends with many wry faces.

A bill has come into the Senate, providing for the appointment by the Board of Supervisors of Milwaukee county of an Auditor, whose duties are what the word implies. I am inclined to think the proposition a good one—that the Supervisors will appoint a much better officer than the people would be likely to elect on a nomination in party caucus, and that a faithful officer would save the city a large sum annually.

Senator Cook has introduced a resolution for the repeal of the Code of Procedure. I "guess" it is no go—the old lawyers must make up their minds to the new Code.

NORTH-WEST CONTESTED SEAT.

Mr. Noggle's minority report on the north-west contested seat, appears in the Journal of the Assembly this morning. He contends that the evidence of the vote of La Pointe county is not conclusive, and Douglas county, not having been canvassed by the district canvassers, is also open to contradiction; and, on the whole, that the evidence adduced is not sufficient to unseat Mr Strong, the sitting member, and that justice requires a further examination, on notice to both parties, before such a conclusion can be arrived at.

A NOVEL SUBJECT—WAUPACCA!

The majority of the members of Assembly went to bed last night in huge disgust at the absurd fix in which they were when the Speaker adjourned them, and awaking this morning with no better opinion of themselves, there resulted, at 9 o' clock,

A CAUCUS OF THE REPUBLICANS,

For the purpose of contriving some plan for getting the twist untwisted into which the twisting course of some of the leaders had twisted them. So, when 10 o'clock came, there was no quorum, and Moses M. Strong very considerately moved an adjournment to 11 o'clock, to give the "Shanghais" a chance to appear. They appeared presently, and at 11 o'clock, that being the time appointed for considering the special order, the northwestern contested election case, Mr. Strong moved to take it up, but thereupon arose a motion, the result of which showed

THE EFFECT OF THE CAUCUS.

Mr. Dean moved to postpone the consideration of the special order till Monday. (It is understood that the Republicans are to hold another caucus to decide upon their course.) The motion prevailed by a large majority—56 to 30, and the House went into committee on the general file, and did a good morning's work.

EXHIBITION OF THE DEAF AND DUMB.

Mr. Officer, Principal of the institution for the Deaf and Dumb at Delavan, was in attendance this afternoon with 9 of his pupils, and gave in the Assembly Chamber a very interesting exhibition of the progress and acquirements of the boys and girls under his charge. They were a very bright and well behaved class, and showed, by their acquirements of the rudiments of learning, that the money of the people has been wisely bestowed. There are now some 40 pupils in the Institution, and their accommodations are limited. The Legislature will doubtless provide liberally for the increase of accommodations, and for the support of the school. The new Principal seems to be well fitted for his position.

We are to have an exhibition of the pupils of the Institution for the Blind this evening. W. H. W.

Obey the Law.

A paper is being circulated, and extensively signed by our business men, agreeing to conform to the law recently passed by Congress reducing the respective value of Spanish and Mexican quarters, shillings and sixpences, to 20, 10 and 5 cents each. This is as it should be, and the sooner an arrangement of this kind is entered into the better for all parties.—*Racine Advocate.*

It will be quite time to obey this law after it shall have been enacted by Congress. At the last accounts from Washington it was still pending, and various amendments had been made to the original bill. As to the real value of the Spanish coin, we see that all the brokers in New York pay 23 cents readily for the quarters and 11 cents for the shillings, and many dealers take them at their face.

WATERTOWN AND MADISON R. R.—The annual election for Directors of this Company took place at Madison, on the 4th inst., and resulted in the choice of the following gentlemen:

J. C. Fairchild,
H. K. Lawrence,
L. J. Farwell,
N. W. Dean,
A. Proudfit,
P. H. Van Bargen,
S. W. Barnes.
A. M. Hanchett,
A. F. Mattice,
Wm. Chappell,
Wm. M. Dennis,
Daniel Jones,
A. L. Pritchard,

In the evening the directors met, and elected the following officers of the Board:

President—J. C. FAIRCHILD,
Secretary and Treasurer—H. K. LAWRENCE,
Engineer and Supt.—S. W. BARNES.

The *Argus* says that the Board confidently expects to finish the road early the coming autumn.

A FREE COUNTRY!—The following paragraph, taken from the Wilmington (N. C.) *Herald*, reads oddly enough in this boasted "Land of Liberty:"

AN ABOLITIONIST ROUGHLY HANDLED.—The citizens of Fairfield, Hyde County, N. C., recently requested a Mr. Rowland Chapman, an abolitionist, to leave their country; but as Mr. Rowland Chapman seemed loth to go, a committee waited upon and escorted him into a dense forest, lying somewhere in the county of Tyrrell, and then left him in "all his glory," he having pledged his honor (?) not to return to Hyde again.

For the Sentinel.

The Senator Question.

EAGLE, February 5th, 1857.

MESSRS. EDITORS:—I have seen various opinions expressed by different individuals and editors, respecting the election of Judge DOOLITTLE, whether it was legal. I very much regret that men who come before the public with their opinions, should have neglected to look at the Constitution of the U. S. States, which is very clear on this point. (See Art. 1, Sec. III.) Judge DOOLITTLE is not a political friend of mine, but that the Senate of the U. S. will admit him, does not admit of a doubt. If Judge DOOLITTLE was only 28 or 29 years of age, the Senate would send him back to this State. In the Constitution of New York, my native State, Ministers of the Gospel were excluded from holding any office. Suppose, under the New York Constitution, a Minister should have been elected to the Senate, or Congress of the United States, I would ask if he would have been ineligible?—Clearly not the idea is absurd, and no man who claims to be a statesman ought to believe it for one moment.

I am Yours, most Respectfully,
MATTHIAS J. BOVEE.

DEATH OF IRA COUCH.—This well known and wealthy citizen of Chicago, proprietor of the Tremont House, died suddenly at Cuba, whither he had gone to spend the winter, a fortnight since. Mr. COUCH was among the Pioneers of Chicago, and from small beginnings, acquired, by steady industry and sagacious enterprize, a handsome fortune. He leaves a wife and one child in very affluent circumstances.

ANOTHER SHIP CANAL PROJECT.—The people of Hamilton, Canada West, are agitating the subject of a ship canal from that place to a point on Lake Huron, some distance north of Goderich. The length is about one hundred miles, and the route is said to be, in the main, feasible for the easy construction of the proposed work. A meeting of the Board of Trade of Hamilton was called for Monday night to hear reports and consult relative to the subject.

CHILDREN GROWING UP IN IGNORANCE.—A report has recently been submitted to the Board of Education in New York city, which estimates on satisfactory grounds, that there are between *thirty and forty thousand* children in that city, between the ages of five and sixteen, who are growing up in ignorance and vagabondism, and fitting themselves to be future marauders upon society.

FAILURE.—Letters from Glasgow mention the failure of Messrs. Begbie, Wiseman & Co., general merchants and manufacturers, which liabilities to the amount of £150,000, of which nearly £20,000 fall upon houses in Manchester.

SURVEY SUSPENDED.—The Jackson County *Banner*, of the 29th ult., says that the Engineers on the North-Western Land Grant R. R. have suspended work until spring, the great depth of snow and intense cold of the winter offering insurmountable obstacles to their progress. The *Banner* adds:

From accounts we gathered, they must have had a pretty severe time of it—the snow being on an average three feet deep, and the cold most intense; the general range being about 30 deg. below zero. On the 18th inst., at daylight, their thermometer marked 50 deg. below zero. In crossing Trempeleau Prairie, they experienced a gale of wind, which, sweeping over the wild waste of snow, and obliterating almost every landmark, rendered great exertions necessary to keep from freezing. Many of the party have been badly frost-bitten during the trip, but seem from their rugged appearance to regard frozen ears and noses as a mere ordinary occurrence.—In facing and overcoming obstacles, the most difficult and toilsome—in enduring hardships, privations and sufferings—they have exhibited a courage and resolution worthy of ranking them among our most hardy explorers.

MATTERS AT PRAIRIE DU CHIEN.—The Prairie du Chien *Patriot* of the 3d inst. says:

During the past week, our city has been visited by a great number of strangers from the South and East, looking for locations for the Spring business at this point. Among others we noticed a number of gentlemen from Milwaukee, men of capital, and directly interested in the prosperity of Prairie du Chien. They have surveyed and laid out the grounds for a new Brick Hotel of mammouth dimensions, and a spacious block of Stores, for mercantile and business purposes, near the Depot buildings at Lower Town.

The New York Murder.

The New York *Tribune* of Tuesday, contains ten columns relative to the recent mysterious murder of Dr. Burdell, the dentist. The *Tribune* says:

"No similar event since the murder of Adams by John C. Colt has excited the people of this city so intensely as the butchery of Dr. Burdell. There have been horrid and mysterious murders, such as the killing of the porter in Broadway last year, the shooting of Mr. Corlies in Leonard street years ago, and of Dr. Lutener more recently, and in neither instance has any clue been found to the perpetrators; but the excitement was nothing like the present.

"The city is in a fever of excitement; nothing is talked of or apparently thought of except the murder; and from a few hours' observation one would reasonably conclude that the entire adult population had resolved themselves into an immense Coroner, with a million sleepless eyes and five hundred thousand tireless tongues, each special eye and every individual tongue having no earthly function than to search out the perpetrators of this mysterious crime."

The Coroner's inquest is still sitting, but no evidence has yet been obtained to criminate any person, though suspicion is strongly excited against Mrs. Cunningham and her two male boarders.

EDITORS APPRECIATED.—In one thing the Republicans are far ahead of the Democrats as a party—they appreciate and reward the services of their party editors. This fact is apparent in the election of Clerks of the two Houses.

The Chief Clerk of the Assembly is Wm. C. Webb, a printer by trade, and who was for some time an editor of a newspaper. The Assistant is Mr. Quiner, long the editor of the Watertown *Register*, in this State. The other Clerk, specially appointed a few days since, is Col. Atwood, well known to the people of the State as the editor of the old Madison *Express*, afterwards of the *Palladium*, and now of the *Journal*.

In the Senate, Dr. Brisbane, Chief Clerk, has written more or less for the press, and Harrison Reed, his assistant, is the present editor of the Neenah *Conservator*, and was among the pioneer publishers of the State.

The bestowal of these fat offices on the Editors is the best disposition that can be made of them. Editors do all the work of party. Their support of party is not alone during the raging excitement of a political campaign, but at all times; whether an election is pending or not—whether there is an issue to interest and excite, or not, and whether kicks or coppers are to be the reward.

It is the glory of the Republican party (and they have few enough) that they have given editors their places of confidence and profit. None are more entitled to them; none will fill them with better grace and fidelity.—*Madison Argus & Democrat.*

Dangerous Illness of Crawford, the Sculptor.

We have been some time aware that our gifted countryman, the Sculptor Crawford, was suffering severely from a tumor over one of his eyes, which threatened to deprive him of his sight.—But he had submitted to an operation, which promised, at first, to afford relief. We learn, however, that recent advices from Rome give his friends the most painful apprehensions. The tumor it is said, proves to be a magliant cancer, and there are but feeble hopes of his recovery. He is in Rome with his sister; and his children, who were here with the intention of spending the winter, have gone out in the steamship America, which was to leave Boston on Wednesday, having been summoned by this melancholy intelligence. Mr. Crawford is a native of this city, and stands at the head of American Sculptors. He is about forty years old, and has resided nearly twenty years in Rome, where all his best works have been produced. He had the good fortune to be commissioned to execute some of the most extensive and important sculptures which have been given to any of our artists. The Washington Monument for the State of Virginia, and the sculpture for the Capitol at Washington, are nearly completed, and have elicited the highest praise from the connoisseurs and artists who have inspected the models. His first great work was the "Orpheus" in the Boston Athenæum. Mrs. Crawford was daughter of the late Samuel Ward, a neice of Dr. J. W. Francis, and sister of Mrs. Howe, author of Fashion Flowers.—*N. Y. Times.*

☞ The following lines were sent to the Essex county Massachusetts, Agricultural Fair, held at Newbury, on the 24th ult. The initials tell us they are by WHITTIER:

A LAY OF OLDEN TIME.

One morning of the first sad Fall,
Poor Adam and his bride
Sat in the shade of Eden's wall—
But on the outer side.

She, blushing in her fig-leaf suit,
For the chaste garb of old,
He, sighing o'er his bitter fruit,
For Eden's grapes of gold.

Behind them, smiling in the morn,
Their forfeit garden lay;
Before them wild with rock and thorn,
The desert stretched away.

They heard the air above them fanned,
A light step on the sward;
And lo! they saw before them stand
The Angel of the Lord!

"Arise!" he said, "why look behind,
When hope is all before.
And patient hand and willing mind,
Your loss may yet restore?

"I leave with you a spell whose power
Can make the desert glad,
And call around you fruit and flower
As fair as Eden had.

"I clothe your hands with power to lift
The curse from off your soil;
Your very doom shall seem a gift,
Your loss a gain through Toil.

"Go, cheerful as yon humming bee,
To labor as to play;"
While glimmering over Eden's trees,
The Angel passed away.

The pilgrims of the world went forth,
Obedient to the word;
And found where'er they tilled the earth,
A garden of the Lord!

The thorn tree cast its evil fruit,
And blushed with plum and pear;
And seeded grass and trodden root
Grew sweet beneath their care.

We share our primal parents' fate,
And in our turn and day
Look back on Eden's sworded gate,
As sad and lost as they.

But still for us his native skies
The pitying angel leaves,
And leads through toil to Paradise
New Adams and new Eves.

Religious Intelligence.

SPAIN.—The Queen of Spain has presented a magnificent mantle of white velvet and gold to the miraculous image of Our Lady of Monserrat, which is held in peculiar veneration by the Catalonians.

The Madrid *Gazette* of the 2d publishes a circular from the Minister of Grace and Justice to the Bishops, charging them, in the name of her Majesty, to cause to be celebrated before the end of the year "the ineffable mystery of the Immaculate Conception, in a manner in accordance with all the ardor of Spanish faith and all the pomp of Spanish worship." The circular states that the Spanish nation may hope to be able to reform itself, since it was the first to accept the belief in the Immaculate Conception of the Virgin Mary, under whose protection all the Spanish dominions are placed.

PRESBYTERIAN MINISTER IN CHINA ARRESTED.—The Treasurer of the Foreign Missions of the Presbyterian Church in England has received a letter from the Rev. W. C. Burns, in China, giving an account of his arrest by the native authorities, while prosecuting his missionary labors. It appears that he was distributing books at Chaou-Chow-Foo, when he was suddenly arrested on a false report. The magistrates treated him kindly, and he was sent on to Canton, and speedily released on condition of certain merchants becoming security for him; but he has reason to fear that two of his companions are still in confinement.—*Hartford Calendar.*

IRELAND.—A correspondent of the N. Y. *Observer*, writing from Dublin, gives an interesting sketch of the present posture of affairs in Ireland. As the writer appears not to be a Church man, his testimony to the zeal and voluntary liberality of the Irish Church, is the more valuable:—

There seems a kind of instinctive foreboding of a mighty change in the relations of the state to the churches, to have seized upon *all* the religious bodies; and all are making provision for its arrival. The prevalent action of them all indicates a conviction that the hour is near when the State will be compelled to leave them to themselves; and they are preparing to meet the emergency. The agitation for the disendowment of Maynooth will give the key note, and this is likely to be more strong and general than before; *all* denominations of Protestants condemning it as an unwarrantable and even impious appropriation of the national funds, that of spending them in training men to propagate a religion, which all Protestants condemn as idolatrous apostasy.

But the English and Scottish unestablished churches connect with its abolition that of the Presbyterian *regium donum*, and the Irish Church establishment, and if Maynooth be disendowed, the Roman Catholics of the empire are with them. Dr. Cullen is working mightily for the establishment of the Catholic university, in prospect of the parliamentary grant being withdrawn from Maynooth; and increased ministerial support is the topic now, in the pulpit, from the press, and on the platform, among the Presbyterians: and already congregations are adding to the stipend what would be an equivalent for the bounty, and this will soon be general, and the ministers will have manses into the bargain.

Nor are the Episcopalians quiescent. The immense sums they raise for education—their schools deriving no aid from the national funds—and for Irish missions, approximating £40,000 a year for each, prove ample resources. Then, the new mission churches, and district chapels, supported on the voluntary principle, are enough to convince them that "where there's a will there's a way," even if they did not see the magnificent Roman Catholic cathedrals, and chapels, and colleges, and convents, rising all around them, while the palace residences of the priests, their splendid style of living, and the very large amount they are found to have accumulated at death, prove that their incomes exceed those of the Protestant clergy. The course the public thought of taking, persuades me that the anticipation of universal disendowment is becoming general: and that when the period comes there will be as general an acquiescence.

We find the following in the *American Presbyterian*:

NOVEL SERVICES.—Rev. Mr. Anthon, rector of St. Mark's New York, has introduced a novel weekly service that excites much interest. He circulates a series of questions, weekly, on some Scriptural topics, and on Friday evenings his congregation meet in the church to give their opinions in reply, and to listen to his explanations and suggestions.

WISCONSIN.—The Rev. Mr. Goodnough makes the following report of his Mission among the Oneida Indians, near Green Bay:

Right Rev. Bishop Kemper again visited this Mission on the 18th September, and confirmed seven more young Indians, making, with fifteen confirmed in December last, twenty-two who have the past year assumed their Baptismal vows. The Bishop's visitation has been at this time more than usually cheering to the Missionary, and from appearances, of vast benefit to the Indians. They immediately commenced, upon the Bishop's visit, to work on the contemplated addition to our little church with right good will. Bishop Kemper has labored for nearly twenty years for the temporal and spiritual benefit of this tribe of Indians. He has never doubted that by earnest labours and the blessings of God, they would in time become Christianized. The seed falls upon a wild and uncultivated field, full of the accumulated growths of a thousand generations; but the same faith which characterizes the apostle of the north-west in all his undertakings, which have met with such success, accompanies him also in this. May the beloved Bishop live to see the accomplishment of his hopes, but especially of that with regard to these Indians.—*Banner.*

THE FRUITS OF THE WILDERNESS.—The seed sown by our Missionary among the Indians, is already bringing forth the most gratifying fruits. The Christmas offering at the Kesahgah Mission, under the charge of the Rev. J. Lloyd Breck, amounted to $45,50, which was appropriated to the support of a Divinity Student at Nashotah, Wisconsin.

RENUNCIATION OF POPERY.—The *New York Observer* says that Francis Yastera, a Bohemian priest, who renounced Popery, and who placed himself under the care of the Classis of New York, was recently baptized and ordained, according to appointment of Classis, in the German Evangelical Missionary Church, (Mr. Guldin's,) in Houston st., New York.

TRUTHFUL.—A brother who has travelled much in New England, and had much opportunity of observation, writes that he is impressed with this as too prominent in religious periodicals, and also in the churches, viz: "Magnifying the *means* above the efficient, primary cause; exalting an *educated* ministry above a *pious* ministry, and yet not intending in reality to do this. If as much time, or even half the time and effort were employed to promote the *piety* of the young ministry, as there is expended to promote an *educated* ministry, it would put a different aspect on the Baptist churches. In all my peregrinations, I have never heard a pious, godly minister, except in one solitary instance, inquired for. The demand for pious, godly ministers, is, at present, below par."

FIRE.—A fire in Bath, New York, on the 30th ult., destroyed two brick buildings. One was occupied by the *Steuben Farmers' Advocate*, and was owned by W. C. Rhodes—loss, $7,000.—Total loss, $10,000.

The Curiosities of Political Literature.

To the Editors of the American:

In the letter from the Hon. William B. Maclay to "The Society of Tammany," dated "New York, January 7, 1857," and published in the Washington Union of the 14th instant, there occurs an instance of plagiarism, which for boldness, I believe, has rarely been surpassed, as it certainly never has been in the beauty of the article appropriated. In this the honorable plagiarist obliges us to admire his literary taste, although we cannot give him much credit for literary honesty.

Alluding to General Jackson, Mr. Maclay employs the following beautiful illustration—as original.

"Distinguished merit will ever rise superior to oppression and draw lustre from reproach. The vapors which gather around the rising sun and follow it in its course, seldom fail at the close of it to form a magnificent theatre for its reception and to invest with variegated tints and a softened effulgence of the luminary which they cannot hide."

Now this whole paragraph is taken, almost *verbatim et literatim*, from a tract by the Rev. Robert Hall, entitled "Christianity Consistent with a love of Freedom"—where it has reference to Dr. Priestley.

Not to do Mr. Maclay injustice, however, I will quote the passage in the precise words of Dr Hall. It will be found in the second volume of his works, page 23, (New York edition, 1832, published by I. & J. Harper,) as follows:

"Distinguished merit will ever rise superior to oppression, and will draw lustre from reproach. The vapours which gather round the rising sun, and follow in its course, seldom fail at the close of it to form a magnificent theatre for its reception, and to invest with variegated tints, and with a softened effulgence, the luminary which they cannot hide."

I call public attention to this wonderful *coincidence*, merely as a literary curiosity; and without any design to reflect upon Mr. Maclay, who may otherwise, for ought I know, be a very honest man, although, by the theory of Synesius that "it is a greater crime to steal a dead man's *thoughts* than his *clothes*" he would be entitled to very little respect. X.

Baltimore, January, 27, 1851.

Special Dispatch to The N. Y. Tribune.

From Washington.

WASHINGTON, Monday, Feb. 2, '57.

No reliable revelation has yet been made in regard to the Premiership. As Mr. Cobb will not serve under any other than Mr. Marcy or Mr. Cass, and they are both excluded, and Mr. Buchanan is determined to have Mr. Cobb anyhow, the present inference is that he may be Secretary of State. In that contingency, J. Glancy Jones would probably go into the Treasury. Mr. Buchanan's purpose is to return to-morrow, and the developements thus far do not warrant the belief that his programme before coming here has been materially altered. Messrs. Cobb, Bright, Clifford, Jones and Lloyd are still in the ascendent, and will all probably be in the Cabinet. Mr. Walker has been pressed for the State Department in the last forty-eight hours, but with no serious impression. During his conferences, Mr. Buchanan appears to have aimed at a deliberate slight of the present dynasty, from the President down. With the exception of Mr. Davis, who is elected to the Senate, no member of the Administration has been more consulted in regard to future policy, or any other matter whatever, than if the whole concern had been Republican. They feel the sting severely.

ANOTHER VICTIM OF WHISKEY AND COLD.—A man by the name of Matthew Brown, an Irishman, was found frozen stiff and stark, on Sunday morning last, in the east part of this town. He was last seen alive on Saturday night, wending his way home, and was found in the morning by the roadside dead, another victim to the demon Alcohol.

Justice LeClere, held an inquest on the body and the rendition of the jury was "that the deceased came to his death by intemperance and exposure to the cold during the night of the 24th inst." He leaves a wife and three small children in very destitute circumstances.

What a melancholy contrast is this to the case of Mr. Kribbs, which we published a few weeks since, where that gentleman, wandering and lost for five days and nights, through the blinding storm and bitter cold, without food or shelter, and yet was preserved, which he ascribes to "the Divine mercy of an All-seeing God, and the total abstinence from intoxicating drinks."—*Prairie du Chien Courier.*

GAS OFFICE.—Our friend Calkins, of the *Argus & Democrat*, has quite a cozy little place for a sanctum. A few days since he and a friend were sitting together, when a well dressed and remarkably polite negro "gentleman" entered, and bowing, and scraping and tipping his cap, enquired, "*Is this the Gas Office of the City?*" "Elias" adjusted his glasses, then flinging an empty ——— at his head, the "nigger" sloped, thinking if it was a gas office it was a dreadfully explosive locality to say the least of it.—*Janesville Standard.*

DIED.

In this city, on Friday the 16th instant, at 5 o'clock A. M., ELIZA SANDS PRENTISS, wife of Mr. William A. Prentiss, aged 45 years.

Mrs. P. had been a resident of Milwaukee for nearly twenty-one years; was a member St. Paul's Protestant Episcopal Church, and was without reproach in all her domestic and christian duties.

The funeral services will take place at St. Paul's Church on Sunday next, at 3 P. M.

New Blocks of Buildings.—We saw yesterday, at the office of Mr. Dillenberg, the plans and specifications for two new and handsome blocks of buildings which are to be put up during the coming season. One of them, for Alexander Mitchell, Esq., is to occupy the very eligible site on the South-East corner of Michigan and East Water streets, opposite the new State Bank building. It will be 120 feet on Michigan street, 40 on East Water, and of the same height, material and general appearance as "the Albany." The basement will be divided into three convenient offices, fitted with safes, &c., for Brokers, Insurance or Banking business. The first floor will be arranged for three Banking establishments, the Wisconsin Marine and Fire Insurance Co. Bank occupying the corner room on East Water street. The second and third stories will be arranged for offices, on the same general plan as those in "the Albany," which are altogether the handsomest and most convenient in our city. In the fourth, or upper story, there will be a large upper room and several smaller apartments, and an arched passage-way across the alley will connect this story with the grand Hall of "the Albany." James Allen has the contract for the building and Martin & Rucke for the Carpenter work. Mr. Dillenberg is the Architect and Superintendent. The cost will be in the neighborhood of $85,000.

The other block is for Mr. Charles Quentin, and will occupy the lot next South of Mr. Wise's new brown store on East Water Street, between Detroit and Buffalo streets. It will be 60 feet front by 120 deep, and five stories in height with basement. The material will be the best Milwaukee brick. The window sashes, shutters, &c., as well as all the caps and sills, will be of iron, so that the exterior will be perfectly fire proof. Mr. Dillenberg is also the Architect and Superintendent of this building. It is intended that both blocks shall be completed and ready for occupation early next fall.

Fashionable Clothing.—We don't want any of our readers to think that Mr. W. W. Sherman has stopped selling goods as cheap as usual because we have left out his advertisement several times, lately; this was owing to the crowded state of our columns, and not any suspension on the part of Mr S. Dropping in at his store, yesterday, he called our attention to the matter, and also showed us some of his beautiful Clothing, which he is selling at surprisingly low figures, for the very good reasons given in his advertisement, for which we refer you to another column.

Lake Michigan Items.—We learn that in addition to the regular daily line, composed of the *Planet*, and the *Traveller*, between this city and Chicago, the *Arctic* and *Cleveland* will ply regularly between Chicago and Green Bay and between Milwaukee and Two Rivers, stopping at all intermediate ports. These last named steamers will run to Kellogg & Strong. The *Huron*, of the same line, will probably ply between Chicago and Grand Haven. There will be business enough, the coming season, for all these boats.

Drunk—Absolutely So.—A man was found lying in the middle of a street in the Fourth Ward, so drunk that he could neither stand up, speak, or even tell his name, when he was searched in the Watch House.—It took four men to carry him there. After being in the cell about two hours, some of his friends tried to get him out, on the ground that his wife had an infant but four days old; he was then too drunk to speak, and was not let out.

Church of the Redeemer.—The Unitarians of our city have just completed a very pretty little church, in the Norman style, on Cass street, which will be first opened for divine service to-morrow. Services at 10½ A. M. and 3 P. M.; the Rev. Mr. Staples officiating.

The pews in this church will be offered for sale, or lease at 2 P. M. Monday, when the ladies as well as the gentlemen of the congregation are invited to be present.

More Sleighing.—Two or three inches of mingled sleet and snow fell during Thursday night and the foundation being good and the temperature cool, have again made excellent sleighing about the city. The weather was moderate, yesterday, and looked like another thaw. At night we had rain.

Preparing for the Masquerade.—Next Wednesday evening the Grand Masquerade Ball, for the benefit of the English and German Academy, comes off at the grand hall in "the Albany." It promises to be a most attractive affair, and great preparations in the way of costumes, are making for it.

Milwaukee & Mississippi R. R.—On and after to-day there will be two Passenger trains daily over the M. & M. Railroad, leaving here at 8½ A. M. and 4 P. M. The ice embargo is now fairly raised and the road in good working order again throughout.

St. Paul's Church.—We are requested to state that the Rev. J. C. Richmond will preach at St. Paul's (Episcopal) Church in this city to-morrow morning and evening.

Lost!—See advertisement of O'Neill & Shultz in this morning's paper, offering a reward for the recovery of a lost Bank Book with bills and notes in it.

Cleanse your Blood.

If your blood requires cleansing, use one of Herrick's Sugar Coated Pills every other night. One box costing 25 cents, used in this manner, will be of more service than gallons of syrups, concocted by nobody knows who, and from nobody knows what. Herrick's Pills are reliable. They have sold on their merits nineteen years.

From San Juan.

NEW YORK, Feb. 6.

The Daily Times' special correspondent of San Juan, under date of January 20th, gives interesting details of recent event in that quarter.—He says Juan was filled with rumors, one of which, that the Costa Ricans had captured the steamship Sierra Nevada, and another that Walker had left for San Jose, with a view of carrying the war into the enemy's quarter. The report that he was surrounded at St. Georges, proves to have been totally unfounded. Some curious letters have been brought to light, one from Morgan & Sons, to Gen. Hackers, and another said to be from Geo. Law to Gen. Heningsen, both accompanied by a large supply of arms and ammunition.

An exciting scene had taken place in consequence of the interference of the British Captain Erskine, who, it seems, had searched among Walker's troops for British subjects, and had threatened Col. Lockridge with the adoption of forcible means, if he refused to give them up. The Col. had no power to resist, and some dozen of his men left him and availed themselves of the offer of British protection.

The Sachems of the Tammany Society.

NEW YORK, Feb. 6.

The Sachems of the Tammany Society met yesterday noon, and decided that no body calling itself a general committee should be allowed to meet at Tammany Hall until they had decided which was the regular committee. In the evening the committee, of which Wilson Small is chairman, met, but was not allowed the use of a room. However, they organized in the reading room, and passed a series of indignant resolutions against the action of Tammany Society.

From Washington.

WASHINGTON, Feb. 6.

It is understood here that President Pierce and Sidney Webster have been subpoenaed in the filibuster case, in New York, which in case of an adverse decision to defendent, will be carried up to the Supreme Court.

CONCLUSION OF THURSDAY'S HOUSE—EVENING SESSION.—Mr. Merrill made a speech in favor of protection; Mr. Taylor advocated the Louisiana sugar interest; Mr. Colfax argued that sugar should be free, saying that one-eighth of the revenue last year was derived from the duty on sugar and molasses. Adjourned.

From Baltimore.

BALTIMORE, Feb. 6.

We have advices from Norfolk up to Wednesday evening. No mention is made of the arrival there of the James Adger, sent out by the New York Underwriters, to relieve the shipping at Hampton Roads. The ship Samuel Russell is discharging her cargo into lighters. The condition of the shipping is improved, and most of them considered safe. The steamer Georgia was towing them into port.

Liver Complaint and Dyspepsia.

PHILADELPHIA, Jan. 12, 1856.

Dr. C. M. Jackson—Dear Sir—I have used your Hoofland German Bitters in my family for the past four years, for Liver diseases and Dyspepsia, and am pleased to acknowledge that we have received the greatest benefit from its use. I have recommended it to a great many afflicted with similar diseases, with the same good result.

I have no hesitation in saying that it was an invaluable medicine, and hope you will be able to introduce it into every family in the Union. Yours, Truly,

SALOM'S MERCANTILE COLLEGE!

A Perpetual Ticket for $25!

GENTLEMEN desirous of acquiring a thorough Mercantile Education, are assured that the advantages presented at this institution are unsurpassed.

The Principal takes this opportunity to acknowledge the courtesy of several of the most distinguished Shipping and Jobbing Houses in the East, who recently allowed him to examine their books, besides explaining many original plans for economizing labor, which, adopted (as in some instances after the experience of half a century), may be justly designated the *ne plus ultra* of the art.

These advantages, grafted upon Mr. SALOM'S long practical experience in a variety of Counting Houses, have enabled him to elaborate a novel and valuable series of transactions, introducing all the great heads and ramifications of mercantile routine to be actually developed by the student. A perpetual ticket confers the privilege of instruction in Book-Keeping at all times, as well as tuition in Writing, Mercantile Calculations, Law, Correspondence Forms, &c.

The Surveying and Mathematical department is in progress during the day and evening.

Milwaukee Commercial College

212 and 214 East Water St.,

MILWAUKEE, - - - WISCONSIN.

THE proprietors of the Milwaukee Commercial College would respectfully announce that the liberal patronage that has been extended to this deservedly popular enterprise has led them to extend the field of study so that it will embrace every branch of a thorough Commercial Education. As there are no classes, formed in any department of study—(thereby enabling the student to enter any time, each one receiving separate instructions)—the student, on entering, is placed in the Counting Room, with actual transactions to work from, thus making his education not merely theoretical, but practical to the last degree. The Commercial Course comprises Book-Keeping by Double Entry, in its various forms, as adapted to Wholesale, Retail, Commission, Manufacturing, Custom House, Banking, Railroading, in stock, partnership, and compound Company business, Commercial Calculations in per centage, Exchange, Bank and Regular Discounts, Averaging, Accounts by Simple and Compound Equations, &c., according to the most approved methods. Commercial Correspondence, including account sales, account currents, drafts, bills of exchange, &c., &c.

Also, a perfect system of detecting Counterfeit Bank Notes, will be given to each student.

A good Hand Writing guaranteed to every person completing a full course.

During the Seasons, Lectures on Commercial Law will be delivered by eminent legal and business men, and no pains will be spared to make this department particularly attractive.

The Reading Room will be supplied with the various Daily and other papers and publications.

Particular attention will be given to Ladies who may wish to acquire a business education, and separate rooms have been beautifully fitted up for their use.

Merchants and other business men are informed that, at any time, by a few days' notice, they can be supplied with competent Accountants, and young men will be assisted in procuring situations when desired.

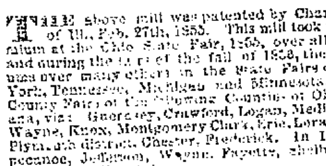
Every Man his own Miller.

PORTABLE CAST IRON GRAIN MILL.

Young America Improved and Perfected.



THE above mill was patented by Charles Leavett, of Ill. Feb. 27th, 1855. This mill took the first premium at the Ohio State Fair, 1855, over all other mills, and during the fall of 1856, the first premiums over many others in the State Fairs of Ohio, New York, Tennessee, Michigan and Minnesota, also, at the County Fairs of the following Counties of Ohio and Indiana, viz: Guernsey, Crawford, Logan, Medina, Ashland, Wayne, Knox, Montgomery Clark, Erie, Lorain, Richland, Plymouth district, Chester, Frederick. In Indiana, Tippecanoe, Jefferson, Wayne, Fayette, Shelby, Jennings, Warren and Fountain.

Farmers, Saw Mill owners, Livery Stable men and all others feeding stock of any kind are invited to examine the merits and superior advantages of the above mill.

The Young America will grind as much corn in the cob, shelled corn, oats, barley, and all other grains for stock as any mill of the same size, and with much less draft.

What we claim is great strength, durability and simplicity, being so simple that a child can learn to grind with safety.

In the next we claim the small expense to renew the grinding parts of the mill, and the ease with which the grinders are put on the mill, at a cost of not over three dollars, which makes it superior and more economical than any other mill. The grinding parts of the above mill are made of the hardest of cast iron, as hard in fact as cast steel can be tempered. Each set will grind from 3000 to 10,000 bushels of grain, with proper usage. Besides the set of grinders on the mill, an extra set will be sent with each mill sold, making it equal to two common mills. When found necessary to change the grinders, almost any one can do it in twenty minutes.

As a proof of the estimation in which the Young America is held in Ohio, we would state that during the fall, winter and spring of 1855-56, 2500 were made and sold in Ohio, at Zanesville, by Douglas, Smith & Co., Hall & Allen of Mansfield, Eldridge & Fauconer of Cincinnati, and at New Philadelphia.

At this time there is not less than 200 being sold every week in Ohio, at retail, besides those sold in other states east and west.

The above mill is being manufactured and can be furnished at wholesale and retail, from the Wisconsin Iron Works of A. J. Langworthy, on the water power in the City of Milwaukee. The mill is warranted perfect in all respects.

Dealers in agricultural implements and machines, of the State of Wisconsin, are requested to call and make arrangements for the sale of the above mills, to whom a liberal discount will be made on the retail price; also any others wishing to engage in a profitable business. Would call attention to good men who have teams, in any part of the State, who would peddle the mills through the country. Four can be taken on a wagon at a time—liberal arrangements would be made with them.

The above mill will grind from 8 to 20 bushels of grain per hour, in accordance with the kind and condition of the grain.

Price of the Young America $35—ready to hitch to and warranted to grind as fast as any mill of the same size when properly worked, and with less draft.

For further information address or see the undersigned, sole owner of the right to the State of Wisconsin.

W. HARROLD SMITH.

HEALTHY BREAD!

MADE WITH

JAS. PYLE'S DIETETIC SALERATUS.

THIS article is deprived of the caustic impurities, so well known to exist in all common Saleratus, thereby dealing destruction to thousands not aware of its injurious qualities. So destructive is it to the constitution of children, that where they and the parents have been regular consumers of Saleratus Bread, there is but little chance for recovery from infantile or contagious diseases. In this way thousands meet with premature Death—the sad reality of which is forcibly demonstrated, in the mortality among children, in the New England and other States, where warm bread and cake is so generally consumed.

JAS. PYLE'S DIETETIC SALERATUS

Is of vast importance to the public, and is rapidly coming into use. Being deprived of all caustic impurities, it is quite as harmless as flour. In point of economy it excels having powerful raising properties, and is altogether superior to Baking Soda. No intelligent lady will dispute this after trying it.

It is packed in pound packages, each bearing the name of James Pyle, without which it is not genuine. For sale by John Furlong & Co., C. A. Folsom, Chapin & Gregory, Milwaukee; Ethridge, Shoemaker & Co., Madison, E. H. Jones & Bro., Fond du Lac, Wis; A. Gross & Coag, Chicago. JAMES PYLE,

MEDICAL.

R. R. R.

THE MEDICAL TRINITY.

EACH of Radway's Three Remedies possesses special curative powers over certain diseases; and when either the Ready Relief, Renovating Resolvent, or the Regulators, are used for the certain class of diseases they are specially designed for, the system undergoes a rapid transformation from its diseased condition to a healthy and happy state of existence.

RADWAY'S READY RELIEF.

This remedy is to be used externally, or taken internally, for all pains, aches and infirmities. In a few minutes it stops the most torturing pains, subdues all inflammations and cures the worst cases of *Rheumatism, Lumbago, Gout, Paralysis, Neuralgia, Tooth-ache, Burns, Sprains, Strains*, &c. It restores the *lame, infirm and crippled* to soundness and vigor. It is likewise a certain cure and preventative for *Fever and Ague, Scarlet Fever, Smallpox, Croup Hoarseness, Colds and Influenza.* Whenever you feel any unpleasant or painful symptoms, take a dose of Radway's Ready Relief, or apply it to the parts where the pain is located; in a short time you will enjoy ease and comfort.

Bear in mind, there is no pain so severe but that Radway's Ready Relief will stop, and no system so crippled with infirmities but that the R. R. R. Remedies will restore to sound and vigorous health.

RADWAY'S REGULATORS.

The discovery of these wonderful pills establishes a new era in purgatives, and a new principle in the science of medicine. In taking these pills no griping pains or sickness at stomach is experienced; they operate naturally, leaving the bowels, liver and other organs in a natural condition.

They insure those who take them a good appetite and a healthy digestion.

Each pill that is taken gives new life to the blood; they purify it, take from it all impure deposits and equalize its circulation.

One or two doses of Radway's Regulators will entirely remove all distressing symptoms of Dyspepsia, Jaundice, Nervousness, Indigestion, Costiveness, Liver Complaint, Billiousness, Melancholy, and will cure all organic diseases, either in man or woman. Ladies troubled with irregularities or weakening discharges, may rely upon a prompt cure and regular periods if Radway's Regulators are taken.

PICTURE OF HEALTH AND BEAUTY.

A few doses of Radway's Regulators will insure a clear, fair, pure and healthy skin and a rosy complexion. They give to those troubled with weak dull, yellow eyes, a clear and brilliant appearance. Radway's pills give a natural beauty to the face, eyes and head; and the use of the Ready Relief as a wash for the teeth and an aromatic for the breath, will change the most disgusting foul breath to sweetness, and the blackest teeth to Parian whiteness.

One to ten of Radway's Regulators is a dose; they never do injury, but always do good.

CONGESTIVE DISEASES, APOPLEXY, TERMINATION OF BLOOD TO THE HEAD.

Persons of full blooded plethoric habits are more subject to congestive diseases, headaches, rush of blood to the head, than those of a lean habit; bleeding in these cases is highly detrimental, nor does this practice lessen the danger; the difficulty is not caused by too much blood, but by its disturbed circulation, and the irregular action of the *heart*. Now a dose of Radway's Regulators will correct all these difficulties—they will *correct* the action of the heart, liver, and all other organs to a natural and regular action, and will immediately *equalize* the circulation of the blood. Mere purging in these cases will only aggravate the disease.

Radway's Regulators not only *regulates* the bowels, by which all diseased and injurious matter is purged from *the body*, but they control the whole system, and, hence, each and every organ, the heart, brain, liver, nerves, bowels, skin, pancreas, bladder, kidneys, stomach, lungs, throat, blood, and every tissue in the whole organization, to a healthy and regular action. They infuse new life throughout the whole system; their action is not confined to any local part of the stomach, like common pills, but they search out diseased action wherever it may be hidden, and expel all diseased humors and deposits from the body. In a few hours after taking a dose of these life creating pills you feel refreshed and invigorated from head to foot. We have known the dispirited and melancholy take a dose of Radway's Regulators *just to feel good—they make one feel so happy.*

RADWAY'S RENOVATING RESOLVENT.

Cures Humors, Salt Rheum, Scrofula, Ulcers, Nodes, Tumors, Fever Sores, Skin Eruptions, Blotches, Bronchitis, Dyspepsia, Gout, Dropsy, Syphilis, Consumption, Apoplexy, &c., and all constitutional and chronic diseases, either inherited by hereditary transmission, or inoculated by exposure or otherwise.

There is no remedy in the world that will work such miraculous cures in old diseases as Radway's Resolvent. It changes the whole human body—reproduces new and healthy blood.

☞ Bleeding from the lungs—Radway's Renovating Resolvent will, in a few minutes, check Hemorrhage from the lungs or throat. In cases where the patient coughs up clots of blood or pus streaked with blood, Radway's Resolvent will soon remove the difficulty.

☞ Sarah Hammond, of 198 East Thirty-Second st. had a bad cough for two years, she coughed up sometimes half a pint of blood during the night. She was cured in seven days by the Relief and Resolvent.

☞ A sore leg of 21 years cured in three weeks, by Radway's Relief. Mr. T. H. Kilgo, a merchant of high standing in Dahlonega, Ga., says:—"That a gentleman who, for 21 years, had been afflicted with a sore leg, that resisted every kind of treatment, was effectually cured in three weeks by Radway's Ready Relief, Resolvent and Regulators."

GENERAL COMPLAINTS.

If you catch a sudden cold, get a sore throat, or become afflicted with influenza, a dose of Radway's Regulators, and an application of the Ready Relief, will free you from all pain and uneasiness. In a few minutes after the Relief is applied no soreness will trouble you. If afflicted with headache, either nervous or from foul stomach, Radway's Ready Relief, and a dose of Regulators, will remove all pain from the head, and restore health to the nervous and afflicted.

Radway's Ready Relief and Regulators always cures *Dyspepsia* in its most distressing forms, and nervousness with all its horrors.

☞ WHOOPING COUGH.—Thousands of cases of Whooping Cough have been cured in a few days by the Resolvent and Relief, and if the Whooping Cough is prevalent in the neighborhood, those who take half a teaspoonful of Ready Relief in a little water, once or twice per day, will never catch it. Radway's Relief destroys the infection of the "Whooping Cough."

☞ TOBACCO CHEWERS.—Those who have become reduced by the effect of tobacco, or the indulgence in spirituous liquors, who feel the horrors of incapacity, weakness, sterility, and the *infirmities* which a fast and intemperate, luxurious and lustful course of life inflicts upon its victims, will find relief from these horrors, and sure restoration to health, strength and vigor, by the use of Radway's Relief, Regulators and Resolvent.

BOERHAVE'S HOLLAND BITTERS

JE MAINTIENDRAI.

THE CELEBRATED HOLLAND REMEDY FOR

DYSPEPSIA,

DISEASE OF THE KIDNEYS,

LIVER COMPLAINT,

WEAKNESS OF ANY KIND

FEVER AND AGUE,

And the various affections consequent upon a disordered

STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colic Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected decided cure.

This is a purely vegetable compound, prepared on the strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.
